	Merge pull request #2 from 06066060606060/mika	617369636b696c6c	06db14e4

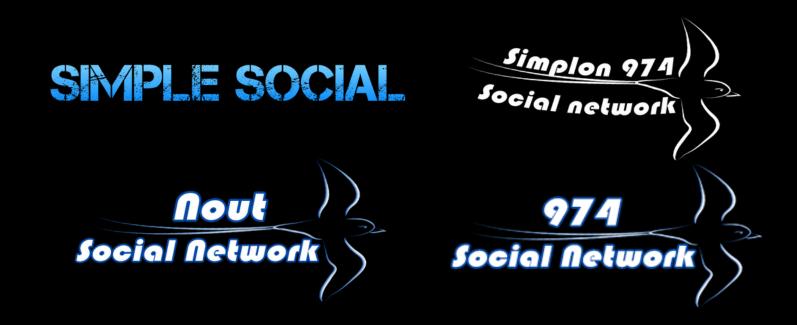

# Design & Logo

#### maquette (Figma)

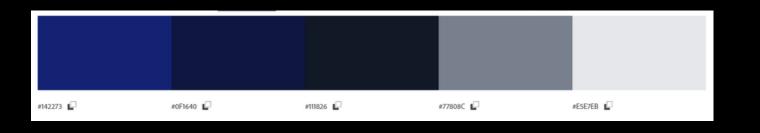

#### Création d'un logo (Photoshop)

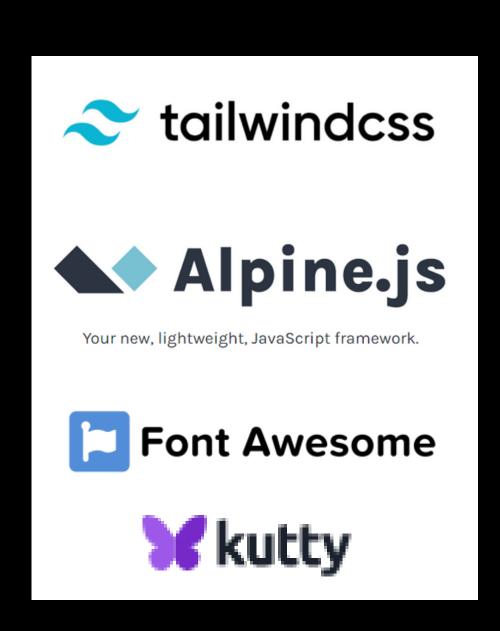

#### Choix d'une palette de couleurs

### Framework

#### Utilisation des framework:

- TailwindCSS
- AlpineJS (popup, backend)
- Font Awesome (icone)
- Kutty (composant tailwind)

## Retour sur le projet

#### Problématique rencontrées

-Distanciel

-Syntaxe AlpineJS

-Complexité des tables

-Manque de temps

-connaissance du JS

-Ajax...

#### **Points positifs**

-Gestion repos Github

-Backlog

-Répartition des taches

-organisation des journées

## Bon Run Futur dev
